

EDUCATIONAL SURVEY COMMITTEE [327]

CORRESPONDENCE, 1939-1940.

1.4 cu. ft.

Storage is off-site; contact the Utah State Archives to order.

DESCRIPTION: This series contains correspondence documenting the efforts of the Utah Educational Survey Committee. The Committee was a fact finding body appointed in 1939 by Governor Henry H. Blood. Their purpose was to identify significant problems of public education in Utah and to produce a report for presentation to the Governor "on or before July 1, 1940." The correspondence marks the communications that flowed between the Committee members (who served on a volunteer basis), the Committee's paid research director, schools and universities throughout Utah, as well as national educational bodies and expert individuals that were consulted. Some administrative records are also included indicating budgetary constraints and details of office organization.

ARRANGEMENT: The arrangement is alphabetical by subject or name and thereunder chronological in reverse order. An exception to this are the claims found in box 1, folders 21-28. They are ordered alphabetically rather than chronologically, in keeping with the original order established by the records' creator. Additionally, there are general files (A, B, C, etc.) located at the start of each alphabetic section containing communications from infrequent correspondents that did not justify an individual folder.

RELATED RECORDS: RESEARCH RECORDS, series 1217, contains informational data gathered by the Utah Educational Survey Committee. Bulk of information was obtained by questionnaires dispersed to educators throughout the state. MINUTES, series 23749, contains official minutes and transcripts of meetings and public hearings held by the Utah Educational Survey Committee. Agendas, attendance rolls, invitations, and relevant correspondence are also included. REPORT, series 23746, contains a one volume report published by the Utah Educational Survey Committee. CORRESPONDENCE, series 186, contains Governor Henry

H. Blood's incoming and outgoing correspondence, including some pertaining to the Utah Educational Survey Committee.

PROCESSING NOTE: This series was processed by Anissa Taylor in May 2001.

PREFERRED CITATION: Cite the Utah State Archives and Records Service, the creating agency name, the series title, and the series number.
